

## #EdtechTip

EDU in 90 is a video series from Google for Education, with new episodes three times each month. Each episode, we'll focus on an important topic for educators, administrators, and school leaders - things like product updates, new programs, and helpful resources for the classroom.

[Subscribe to the Google for Education channel](#) to make sure you don't miss an episode!

This video series features :90 "How To" videos based on your top requested tips and tricks using Microsoft Education's technology in education.

To request a new "You Can in :90" video, tag us on Twitter and share your request with us: [@MicrosoftEDU](#)

[Subscribe now](#) to see new videos as we are adding and updating all year long!

## ChromeExt.

Get the Extension

Save to Google Drive

Offered by: Google Drive team

Save web content or screen capture directly to Google Drive.

The Save to Google Drive Chrome extension helps you save web content or browser screenshots to your Google Drive.

- \* Adds a browser action to save the current page.
- \* Adds a right-click context menu to save hyperlinks and media.
- \* Configurable through an options page.

You can save documents, images, and HTML5 audio and video all by right clicking and selecting 'Save to Google Drive'. You can save the currently viewed page using the 'Save to Google Drive' browser action. The directory location and format of saved HTML pages can be controlled with the extension's options page (Choice of Entire image (default), Visible image, Raw HTML, MHTML, or Google Doc).

With tailored, step-by-step guidance, it's easy to build a professional website with Weebly.

Create exactly what you want and update it easily whenever you want. There's no coding needed and everything you design looks great on any device.

## Digital Media Resource

### SOS SPOTLIGHT ON STRATEGIES

Creative, research-based instructional strategies for integrating digital media in meaningful, effective, and practical ways.

#### Get a Clue\*

Get a Clue is a teaching strategy that encourages students to analyze a video and its transcript as they match context clues to content. Students watch a selection of videos with no audio and just one correct transcript and then predict accuracy.

#### Skills:

Assessment, Cites Evidence, Inference and Prediction, Instructional Hook, Key Ideas and Details, Research, Summarizing
